

RAGAZZA 122

A PROMISE OF SOUND IN CLASSIC DESIGN

The Ragazza 122 captivates with its vibrant, voluminous sound and elegant presence.
The RR grand piano action provides a sensitive touch – expression, passion,
and precision in perfect harmony.

POWERFUL SOUND AND TIMELESS ELEGANCE

The Ragazza 122 features a soundboard that is up to a quarter larger than that of the entry-level model. Thanks to the unique „SAUTER spherical concavity®“, the sound is more voluminous and radiates liveliness.

THE RR ACTION – GRAND PIANO TOUCH FOR UPRIGHT PIANOS

A special feature is the double repetition action developed by SAUTER, known as the SAUTER RR grand piano action. This robust and wear-resistant construction enables a touch and responsiveness comparable to that of a grand piano – an innovation found exclusively in SAUTER pianos.

FORMIDABLE DETAILS

The Ragazza 122 promises fascination down to the last detail. It has a grand-style lid and brass applications on the cabinetry. Its classic design is characterized by subtle lines. Equipped with damping pedal, double repetition action, lock and double brass casters.
